Cellulite Reduction, Deep Heat and More!

Special - ALL prices reduced until end 2014. Ask for further information, or see our website. \$2 per minute (minimum 30 minute per session). *Ask for a free consultation.*

Heat is generated within the tissues so the heat developed can penetrate further and deeper than superficial heat. Using one technique our therapists can target the root causes of Cellulite. Using different techniques, our therapists can give you a massage with deeper heat than any other method. We can also focus on specific areas, such as painful joints, to provide you with even more of the benefits of deep heat right where you need it most.
